Does filing only apply to certain territory (territories) or certain classes? If so, specify: We are rewriting our Blue Chip Policy Program. This filing applies to Directors and Officers Liability, Employment Practices Liability, Trustee and Fiduciary Liability and Trust Department Errors and Omissions. All territories are included. We are also introducing two new coverages, Internet Security Coverage and Bankers Professional Liability Coverage.

Brief description of filing. (If filing follows rates of an advisory organization, specify organization): Our revised rules and rates for the Blue Chip Policy Program are based on a study of the rules and rates of our key competitors, including Chubb, Travelers, Philadelphia, Progressive, USLI, and CNA and on a study of the policies that we currently write (rates and typical coverage limits). We raised the Increased Limit Factors for most coverage parts. We lowered the Increased Limit Factors for Privately Held D&O and Employment Practices Liability Insurance. We lowered the base annual premiums for entities with smaller asset bases for our Privately Held, Financial Institutions, and Health Care Institutions D&O forms. Publicly Traded and Non-Profit D&O base annual premiums remain the same. We lowered the base annual premiums for entities with the lowest total plan assets (under \$500,001) for the Trustee & Fiduciary Liability and Employee Benefits Administration form. We lowered the base annual premium at all total trust asset levels for the Trust Department Errors & Omissions Coverage Part for Financial Institutions. The net effect for the changes to our Directors and Officers Liability Coverage is +6.5%. The net effect for the changes to Employment Practices Liability Coverage is -3.4%. The net effect for the Trustee & Fiduciary Liability changes is +16.7%. The net effect for the changes to the Trust Department Errors and Omissions Coverage is +12.7%. The overall net effect to the program of all changes combined is +5.5%.
